III. CONTINUED BUSINESS-DISCUSSION ITEMS

1. Shoreline Plan Update discussion-

Amy indicates that it is a big update that is similar to the comprehensive plan update (8 year). Amy indicates that we will need to set up a public process and then the tribal communication process. She will come up with a draft public process/communication plan for the next meeting for Planning Commission approval. She recommends finishing the Shoreline Management plan then moving directly into the Critical Area plan. They are different processes. She also indicates that maps will need to be updated as well. Amy would like to go through the checklist to ensure compliancy. This does not have a deadline at this time.

Dianne asks where we are at with the UGA. Amy indicates that Dan needs to meet with Steve Toy and Steve Scorney at the County to get the process started. She says that Planning needs to target the areas that they would like to see in the UGA. George would like to see Planning go over maps and discuss.
